The Symbols of Trinity . . .

We have fought a good fight and have kept our faith, and all is over. We have not tried to please everyone; that would be impossible. But we have tried to present here the memories of those coveted days at T.H.S. 1966-67.

This, our Trinhian, has become our most prized possession, and we hope it will become yours. It has cost us a lot of tears, anguish, and money!

A note to the Seniors: Here it is! Without THE green cover (never judge a book by it's cover!), but it is filled with the things that you will want to cherish for the rest of your lives.

And to all—if this book becomes to you a symbol of the joy, effort and reward of this year—Then our work has not been in vain.

The Symbol of Our Future

The Symbol of Leadership

First-class leadership takes first-class people.

Mr. C. W. Hawkins is our best symbol of leadership as he represents the authority which leads the school in progress.

The Assistant Principal, Mr. D. S. Underwood, is always in demand. Notes needing to be signed, lockers to be opened and buses to be worked on are a few of the reasons why we hear, "Have you seen Mr. Underwood?"

The office of our Guidance Counselor, Mr. Charles Baldwin, is often filled with troubled, puzzled, and fun-seeking youth. His job means devotion to the students and he is always willing to lend that needed helping hand.

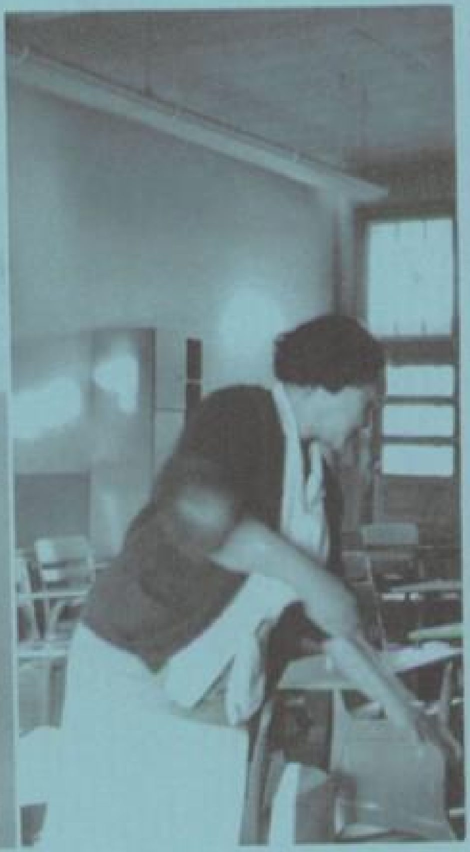
Miss Anne Felton is responsible for the excellent condition of our library. Tireless effort and hard work is just a small part of her daily task.

What cha want? These cheerful words of Mrs. Hilda Brady are heard continually through the day as students seek information, comfort and help! Thank you, Mrs. Brady, for being you.

Floyd Herndon and Andrew Millbrook keep us warm, give us light, and make our days at school more tolerable.

The Symbol of Service

Co-operation leads to better service.



The jobs of Mrs. Margaret Gannaway and Mrs. Feama Robertson continue after we have gone home. We appreciate their efforts which make our surroundings more pleasant.

The cafeteria workers attempt to combat hunger by preparing nourishing meals. They are as follows: Peggy Wilson, Eula Savage, Betty Dobbins, Bertha Wall, Ramona Overcash, Doris Bouldin, Clara Floyd, Hope Tillotson, Dezree Dowdy.

The Symbol of Concern

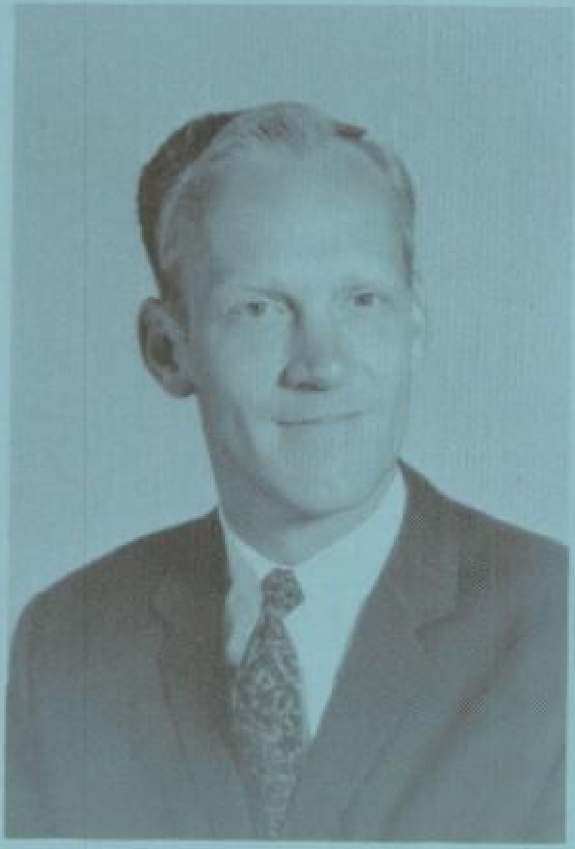
The Symbol of Dedication . . .

Mr. Joseph Gamble

Because of your interest, sincerity, initiative, leadership, and dedication, Trinity High School has prospered and progressed towards a better and brighter future. For this we, the Class of '67, dedicate our book of memories to you.

Evidence of his leadership is the successful conduction of the High School Glee Club.



As a concerned seventh grade teacher, Mr. Gamble realizes he must learn with the student.

Mrs. Margaret Whitlock

Foreign Language

French is the modern foreign language taught at T.H.S. French students tackled challenging vocabularies, translations, book reports, and accents. Through the study of French, students realize that a foreign language leads to world-wide understanding.

Hearing yourself speak French is a real experience!

Creative Art

Art instruction is provided at T.H.S. for those students who have an interest in art as well as for those who show a definite artistic ability. Students receive instruction in the basic concepts of art but are encouraged to seek self-creativity as an ultimate goal.

By working with art, students discover what talent they have or don't have.

Our special-----English class?

English

English teachers at T. H. S. stressed the importance of accurate punctuation, sentence structure, and spelling. Freshmen stressed an adequate background in the mechanics of grammar. Sophomores became acquainted with the correct method of writing a term paper. Juniors read Emerson, Thoreau, and Whitman. Seniors renewed their acquaintance with Shakespeare, Wordsworth, and the modern English poets.

The exciting events of an off-year election, both on the state and national levels, furnished material for lively discussions and debates, especially in Civics. The students also studied the dramatic story of man as told in both American and World History. A related field of study, sociology-economics, helped students to understand our economy and environment.

Physical Education

Students of T. H. S. having Physical Education on their schedules looked forward to a period of pleasure and learning on the playing field. Developing muscular skills, good sportsmanship, and enjoyment of various sports, they engaged in both team and individual sports, as well as gymnastics.

Modern Dance: The Freshmen girls enjoy the new addition to Physical Education.

Commercial

The Commercial Department at T.H.S. endeavors to develop the salable skills through teaching typing, shorthand, bookkeeping, business law, and office practice. Those students enrolled in commercial courses learn how to compete and survive in the business world of tomorrow.

Home Economics

Home Economics courses at T.H.S. seek to make the students aware of the value of a good home. Through the development of practical homemaking projects, the students learn to work independently toward the solution of problems. In addition, they learn the management of resources—time, energy, and money—as well as the necessity of meeting the actualities of everyday life.

Bulldog Tales Staff

QUIET! Geniuses at work?

Changes in the newspaper policy made it possible to have the paper printed twice a month this year. The change was welcomed by most students since it enabled them to be informed of news as it happened.

Always searching for new ideas, the Journalism Class has made this year's Bulldog Tales the best yet. Often working until the "midnight hour", the staff has strived to live up to their motto of "to inform, to entertain, and to comment."

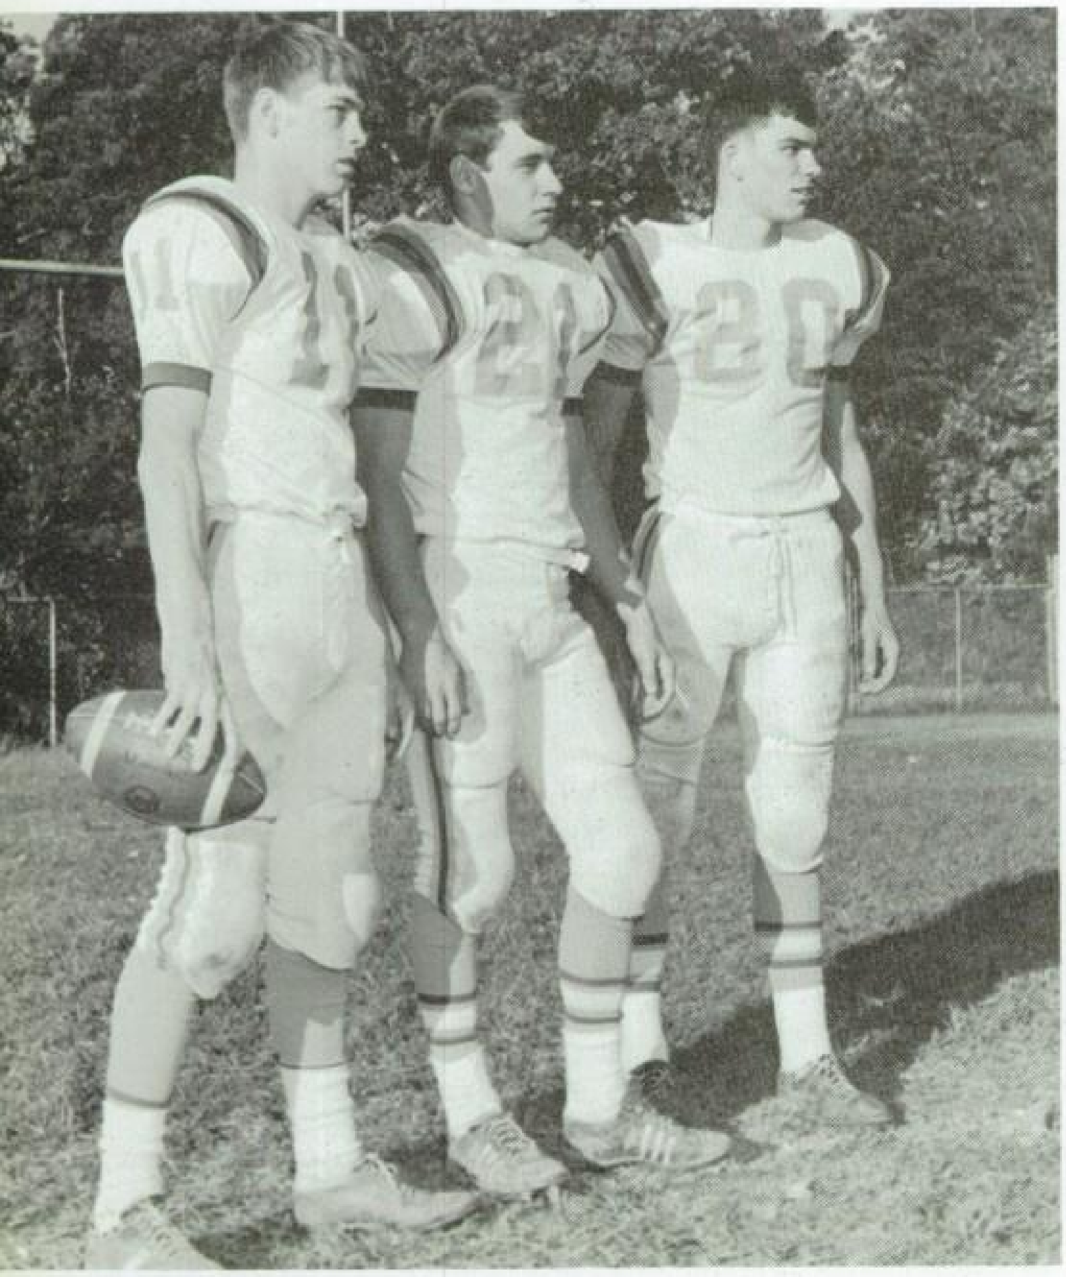
Football 1966



Another year of football has gone by for the boys in blue. Under the able leadership of new head coach John Doby the team and its followers posted a 5-4-1 record. The team and the year had its ups and downs being highlighted by a 20-13 homecoming victory over Randleman. The year could have been better, but the team gave its all for the school.

Another year will come and another yearbook will be made but to the boys who wore the red, white, and blue, we say thanks for being a part of our school.

BULLDOGS

Boys In Action

Now that the roundball is put in its place for another season, look back on the games and happenings in the past. To start with, the won-lost record of the team was greatly improved. Secondly, look at the pride and glory the team has brought us. And thirdly, look at the players who with all their ability have contributed the best of their skills to a school which they think is the best.

The season was a good one, but the faces of many of the boys who made the team what it was will leave. We want to say that we are proud to have a team and Coach who have given so much for so little.

Up goes Meredith for two points.

Hebert, all alone, scores two for the Bulldogs.

Boys, you must play better or we are going down to defeat.

**You're
the flippingest!**

Today's young people are turned on and tuned in to what's happening. And things are happening because plentiful, low-priced electricity is making them happen. You flip the switches and turn the dials, and electricity does the rest. It makes life easier, happier, more comfortable and entertaining. And when you have a home of your own, electricity will work even harder to serve you.
It's what's
happening.
